Here is our very own set of animal yoga ABC's for you to practice and enjoy!

Always do each pose carefully, with breath. Go slow and make sure to try to copy the pose in a way that fits your body.

Each pose and image are suggestions, make sure to modify any trickier postures for younger kids or as needed.

Make sure you read this post on [Animal Yoga ABC's for Kids Yoga](#) for more tips on how to teach Animal ABC's to your kids or students.

Go through the animal poses one at a time and learn a little about each animal and where it lives while practicing the pose. This is a great opportunity for learning more about geography and habitats too.

After doing all the animal poses here, you can come up with new animals for some of the letters. There are lots of opportunities for being creative and using your imaginations.
