GENERAL RESEARCH AND SCHOLARLY ACTIVITY POLICY

Date Approved: Date Revised:

Category/Policy #: Responsible Office: Research and Scholarly Activity

I. Purpose and Scope: Rocky Vista University is committed to producing high quality research and scholarly works of all kinds, including basic, clinical, osteopathic principles and practice, translational, and educational, to achieve new heights in medical education and be a thought leader in healthcare research. As such, the institution supports research and scholarly activities both financially and with support services available through the Department of Research and Scholarly Activity. The purpose of this policy is to outline the procedures that should be followed when doing research or scholarly activity as a RVU faculty, staff, or student.

II. Policy Statement: In addition to other research applicable policies (as outlined in related policies), RVU faculty, staff, and students shall follow all procedures outlined by the Department of Research and Scholarly Activity in order to produce quality research and scholarly works.

III. Procedures: In order to (1) Assist investigators in the process of starting and performing research and scholarly work at RVU; (2) Maintain the RVU standards of excellence and Integrity; and (3) Enhance RVU’s reputation as a thought leader in medical education and healthcare research, investigators agree to follow, in addition to specific approved policies applicable to research, procedures outlined by the Department of Research and Scholarly Activity as found in dynamic policy, which include, but are not limited to, the topics listed below:
- Authorship
- Confidentiality Disclosure Agreement (CDA)
- Data Security and Storage
- External Mentorship
- Getting involved in research
- Grant and contract submission
- Internal Grant Awards (including both the intramural grant program and the presidential seed grant)
- Laboratory Safety
- Memorandum of Understanding (MOU) to work with an outside entity
- Research and Statistical Consultation
- Research Rotation Requests
- Student research authorization
- Student research travel funding
- Survey based research
IV. Additional Information:
For the purposes of this policy, the following definitions will be applied. DEFINITIONS: Research is defined as a systematic investigation into a topic or material in order to establish facts and reach a conclusion. Scholarly activity is defined as creative works that are, either formally or informally, externally peer-reviewed and publically disseminated.

Related Policies: Intellectual Property, Material Transfer, Intramural Grant, IRB

*Nothing in this Policy limits the authority of the university to issue, amend, or withdraw a policy.
