

WANT TO BUILD YOUR KNOWLEDGE OF NMM/OMM?

Our Osteopathic Neuromusculoskeletal Medicine (ONMM3) residency program was established to develop highly trained physicians who can act as both clinicians and academicians in ONMM. Residents will develop their clinical skills through inpatient care at Sky Ridge Medical Center and The Medical Center of Aurora and outpatient care at the Rocky Vista Health Center and other associated outpatient clinics. Academic development will occur at the Rocky Vista University College of Osteopathic Medicine. Sky Ridge Medical Center is a full service, 284 bed facility located in Lone Tree, Colorado. The Medical Center of Aurora is a full service, 269 bed facility located in Aurora, Colorado. The Rocky Vista Health Center is located in Parker, Colorado and offers a wide range of services including primary care medicine, sports medicine and osteopathic manipulative medicine. The Rocky Vista University College of Osteopathic Medicine is located in Parker, Colorado and was established in 2006.

The ONMM3 program provides extensive training in Osteopathic Neuromusculoskeletal Medicine for physicians who have already completed a residency in an approved specialty. The ONMM3 program meets AOA requirements for NMM/OMM certification. It has ACGME Continued Accreditation. Successful completion will allow the individual to apply for the Neuromusculoskeletal Medicine/Osteopathic Manipulative Medicine certification examination and possibly be eligible to serve as a Program Director of an ONMM program. We want those who complete our program to become lifelong learners, practitioners and teachers of ONMM, and be of service to our profession in a variety of capacities. Many of the OPP faculty at the various Colleges of Osteopathic Medicine are certified in NMM/OMM.

Kenneth A. Ramey, DO, FACOFP, Program Director, is a graduate of the Chicago College of Osteopathic Medicine. He is board certified in family medicine/osteopathic manipulative treatment, NMM/OMM and has a certificate of added qualification in sports medicine. Dr. Ramey is a member of the medical staff at Sky Ridge Medical Center and has served as a team physician at the high school, college and semi-professional levels. He is an Associate Professor of OPP at Rocky Vista University and serves as the Director of Sports Medicine and OMM at the Rocky Vista Health Center.

"What are the limits of Osteopathy? No one knows the limits of Osteopathy."

- John Martin Littlejohn, D.O.

Please contact Dr Ramey at kramey@rvu.edu or the program coordinator, Nadya Sharonova (via credentials below). For more information, visit ATSU Still OPTI, <https://www.atsu.edu/ncoppe/rvu/>, or Rocky Vista University, <https://www.rvu.edu/academics/graduate-medical-education/onmm3/>.
