## Rocky Vista University Professional Licensure Disclosure Statement

### College of Osteopathic Medicine

Rocky Vista University College of Osteopathic Medicine (RVUCOM) is an American Osteopathic Association (AOA) accredited program of study. Graduation from an AOA Commission on Osteopathic College Accreditation (COCA) accredited college of osteopathic medicine is required in order to begin training in an AOA or ACGME (Accreditation Council for Graduate Medical Education) residency program to which he or she has been accepted, and to take the COMLEX-USA Level 3 examination. RVUCOM has determined that the Doctor of Osteopathic Medicine program curriculum offered at the RVUCOM Colorado and Utah campuses meets the state educational requirements for licensure or certification in all U.S. states and each U.S. Territory.

RVU strongly encourages students to determine any additional requirements for licensure in the state in which they seek to practice osteopathic medicine. Students should refer to the individual state licensing bodies, as well as the Federation of State Medical Boards or the Physician Licensing Service for requirements for licensure. For licensing board contact information, please go to: <https://www.fsmb.org/fcvs/participating-boards-for-physicians/> or <https://osteopathic.org/life-career/licensure/state-licensure/>.
